

# FLEX COLLEGE PREP PRESENTS A FREE EDUCATIONAL SEMINAR

## Changes & Trends (ED Edition) Mid-Season Discussion of the Application Climate Early Decision Results

Most universities will have sent their replies to early applicant students by late December and early January. As another round of Early Decision and Early Action applications comes to a close this month, join FLEX as we discuss the trends of this year's results, and what it means for 9th, 10th, and 11th graders who will apply in years to come. This strategic analysis can lend perspective and insight that parents and students can harness as they begin to build college lists and pick target majors.
