

October Events!

Join us for one of our FREE virtual webinars led by our highly-experienced admissions consultants. Learn more about what your student can do now to expand their opportunities for college admission!

Topics:

What Sophomores & Juniors Should Be Doing Now to Prepare for College

Senior year may seem like it's far away, but if you start your college application planning now, you will reduce stress and reap the rewards of a seamless and quality college journey. In this webinar, we will share how a little foresight in specific areas will help you achieve your college goals.

Saturday, October 1st at 10AM PDT

Pre-Med and BS/MD Programs - What It Takes to Get In

Many students have aspirations to become a medical doctor but may not necessarily know the additional commitment and requirements needed to have a successful journey. Please join us to learn more about the impact of fewer offerings of BS/MD programs and what it means to be pre-med.

Saturday, October 15th at 10AM PDT

Changes and Trends: Class of 2022 College Admissions Results

With the admissions numbers now in for all of the UCs and private colleges, get the most up-to-date information on the Class of 2022. Learn more about what it took for the class of 2022 to achieve their college goals and how their experience may impact future applicant pools.

Saturday, October 22nd at 10AM PDT

Summer Planning - Making the Most of Your Time

A student's extracurricular profile has become a significant factor in college admissions. Join FLEX as we discuss what an extracurricular activities profile is, the relevance of extracurricular and summer activities, and how to build them seamlessly into a robust and cohesive application profile.
