

2022 Spring - AP Courses *FLEX Cupertino*

Program Description

FLEX AP prep classes are designed to both cover course content and give students focused practice with AP exam style questions, particularly free-response questions. Sessions will center around developing student understanding of the key concepts valued by and tested on the AP exams. This conceptual understanding will allow students to retain the necessary information better and help them understand how their knowledge will be tested on the exam. Also included:

- Homework. One to two hours of homework per week from real CollegeBoard Free-Response questions and multiple choice questions from different resources.
- Diagnostic Testing & Progress Reporting. When available, real exams from prior years are used. These diagnostic exams are reviewed in class.
 - One multiple choice only exam
 - Two full length diagnostic exams
- Sessions will be meeting in person at the Cupertino location.
- Materials will be provided by FLEX Cupertino Center.
