## Changes and Trends: Analyzing Early Results for the Class of 2024

Analyze early application results for the Class of 2024 with FLEX's expert counselors! This year's early application results give indications of how colleges have continued to adapt to the changing college admissions landscape including testing policies and a more socially minded, less achievement-driven admissions process. Get the statistics on FLEX's Early Round Decisions to see what worked (and what did not) and for a chance to meet some of our counselors who supported these students in getting into their target colleges!

**Saturday, February 3rd, at 10 a.m. PST, Virtual Webinar**

## The New Perfect Profile for Getting into the UCs

Last year the UC system had another record-breaking year with 245,768 applicants for its nine undergraduate colleges and we expect more of the same for 2024. Always topping the list of best colleges, each school has its own variety of degrees and specialties offered as well as different acceptance rates.. Please join our webinar to learn about what the UCs are looking for in their applicants, what type of student profiles have the most success in getting acceptances from the UCs, and how ACE can level up your profile.
