

STEM (Math & CS) Headstart

Introductory Math for Competitions & Standardized Tests 1A (6-7th Grade)

Instructor: Jung Suh

February 1st-May 3rd, 2021

Mondays 4:00-5:30 pm

Course Description

Problem solving is an essential skill in the study of math. In this class, students learn how to tackle a variety of math problems, while learning how to work individually and in groups to create solutions. Students don't just learn math concepts through rote drilling. Rather, they learn how to be intuitive and creative in working with mathematical concepts.

Topics will include:

- Drawing a Picture or Diagram
- Finding a Pattern
- Making an Organized List
- Making a Table
- Solving a Simple Problem
- Trial and Error
- Experimenting
- Acting Out the Problem
- Working Backwards
- Writing an Equation
- Using Deduction

Program Objectives

This course teaches students the critical thinking and reasoning skills necessary for competition math and standardized test prep (PSAT, SSAT, SAT, ACT). In addition, they learn how to be more efficient in applying their mathematical thinking. A great course for students looking to bridge the gap between mathematical practice and computation to mathematical application and word problems.

Course Curriculum (provided)

- FLEX Math Problem Solving Strategies
- Math Kangaroo
- Practice math problems from various standardized tests

For more information or to register, please contact headstart@flexcollegeprep.com or call (408) 252- 7742.

FREE 4 Week Preparation Course:

- Register by 12/12
- Classes on 1/4, 1/11, 1/18, 1/25
- Mondays (4-5:30 pm)

Instructor Background: Jung Suh (FLEX College Prep Master Instructor)

- 10+ years teaching competition and standard math topics at the middle and high school level
- Qualified for the USAMO in 2010 and has trained many students for various Math Olympiads such as the AMC, ARML, and USAMTS
- Many of his past students have qualified for the AIME (Top 5%) and USAMO (Top 0.5%)
- Education: B.A. Business Economics at UC Irvine / M.S. Financial Engineering at Claremont Graduate University

Tuition: \$1,495 (+\$50 curriculum fee)

- Early Registration or Returning Students: \$200 off by 12/12
- Discounts cannot be combined with other offers
- Tuition must be paid in full to receive discounts
